

# SERVICE CATALOG

Unlock the Full Potential of Your Databases with Our  
Remote DBA Services

01

Your business data is your most valuable asset—ensure it's secure, optimized, and always available with our tailored remote DBA services. Designed for businesses of all sizes, from SMBs to large enterprises, our comprehensive service packages guarantee peace of mind, enhanced performance, and cost-efficiency.

02

# Tailored Service Packages

We understand that every business is unique. That's why we offer flexible service packages designed to meet your specific database management needs.

03

# Essential Package

## Reliable and Affordable Database Care

Automated backups and weekly monitoring.  
Comprehensive health checks (data integrity,  
resource utilization).

Security updates and patch management to  
protect against vulnerabilities.

Starting at €8,000 per year.

04

# Advanced Package

Includes all the benefits of the Essential Package, plus:

24/7 monitoring with immediate response to critical issues.

Advanced performance optimization (query tuning, indexing, resource allocation).

Regular cost analysis for cloud or on-premise environments.

Starting at €12,000 per year

05

# Premium Package

Get everything from the Advanced Package, along with:

24/7 priority support with rapid SLA response times (1-2 hours).

Strategic consultation for database migrations and complex projects.

Fully customized solutions, including personalized dashboards.

Starting at €20,000 per year

# 06

## On-Demand Services

Need specific support without committing to a full package?  
Our ad hoc services are perfect for one-time projects or immediate needs.

**Database Migrations:** Seamless upgrades from legacy systems to modern platforms (e.g., SQL Server 2008 → 2019, PostgreSQL).  
Pricing: €5,000-20,000 based on complexity.

**Performance Optimization:** In-depth analysis and tuning to enhance database performance.  
Pricing: €3,000-8,000.

**Security and Compliance Audits:** Comprehensive reviews to identify vulnerabilities and implement best practices for data protection.  
Pricing: €5,000-15,000.

07

# Why Choose Us?

**Unmatched Expertise:** Over 25 years of experience managing complex database environments.

**Proactive Solutions:** Our team identifies and resolves issues before they impact your business.

**Cost-Effective Services:** Reduce your operational costs without compromising on quality.

**24/7 Support:** Rest easy knowing that we're always here when you need us.

08

# Let's Elevate Your Business Together

Transform how you manage your data with our trusted remote DBA services. Whether you need ongoing support, advanced optimization, or a one-time migration, we're here to ensure your success.
